

# Baby Baskets

Baby baskets are given to expectant mothers and mothers who have recently had their baby. Baby Baskets must be no larger than 20 quarts with a lid (standard dimensions of a 20 quart storage bin are 16.88" x 11.5" x 9.25"). This is for the convenience of our community members who have to carry these items home – usually on public transportation.

The following is a list of items needed. Baby baskets do not need to contain all of these items. Clothing should be gender neutral (white, cream, yellow, green and grey) as many of our families do not find out what the sex of their baby will be before they are born. Please do not include stained, soiled, ripped or broken items
