

Guardianship Moving Baskets

The LFS Older Adults and Caregiver Services' Guardianship Program targets adults over the age of 60 who are admitted to the hospital without capacity to make their own decisions and without a medical decision-maker available. LFS is able to assist these individuals with discharge and long-term care plans, and to become their guardian for life! Many of these clients have been in the hospitals for a long period of time and have lost many of their belongings. Please join us in helping them feel comfortable in their new living environments!

Toiletries
